## General Comment

Dear Madam, or Sir,

I am currently an active investor, that has taken the time to educate myself on options trading. I also have portfolios with multiple brokerage houses, utilizing IRA's and taxed income. With all due respect this new legislation you are considering has language that concerns me as an investor. I do appreciate my broker educating me on investment strategy's. I also take advantage of making transactions using my IRA account. I support any language, that would reduce fees and conflicts of interest between investors and brokers, however the current language, will only serve to restrict my trading options even further.

So as it is written, I am hoping you will not pass this on to the hardworking investors, that appreciate the opportunity to protect their assets and increase leverage.

Thank you for your time.
